Mid-Ohio Valley Fellowship Home, Inc. (MOVFH) is a place to begin a new life. They are a United Way agency and have been in the community since 1971. They provide their residents with an environment that inspires change. And speaking of change, they are pleased to announce the appointment of two new House Managers.

Pam Cunningham serves as the Women's House Manager and oversees the women's substance abuse recovery programming and Steve Ashcraft has accepted the position of Men's House Manager which serves the men's substance abuse recovery programming. Both House Managers will contribute to the integration of services for substance abuse transitional living needs within the Mid-Ohio Valley.

Patrice Pooler, Mid-Ohio Valley Fellowship Home Executive Director states, "We are very excited about Pam and Steve joining our staff team. They bring expertise and leadership as we work to provide high-quality recovery services that are responsive to community needs".

Mid-Ohio Valley Fellowship Home offers residents a safe, sober, supportive home and surrounds them with caring individuals who themselves are true testimonies to the benefits of living a healthy lifestyle. Most important, their facility is a place where people learn to trust themselves again; where long-term recovery is not just a goal, it's a way of life.
